WEDNESDAY EVE'NG., NOVEMBER 18.

WEARING FLANNEL.-The majority of people are not aware of the beneficial effects of wearing flunnel next to the body both in cold and warm weather as prejudiced people believe. Frequent coids and constant hacking coughs have left me since adopting fiannel garments. There is no need of great bulk about the waist, which condemus the wearing of flannel with those who prefer wasp waists to health, for in that ease the flannel can be cut as loosely fitting waists, always fastening at the back. There are scarcely one of the bad effects of sudden changes of weather felt by those who wear flannel garments, and mothers especially should endeavor to secure such for their little people, in preference to all those showy outside trimmings which fashion commends.

SALT WATER FOR THE EYES. - Many persons are suffering pain from weakness of the eyes. This sometimes proceeds from local inflammation and sometimes from other causes. Several persons who have been thus afflicted inform us that they have derived almost immediate and, in some cases, permanent relief from the application of salt water as a bath; and where the pain has been aggravated, from a compress saturated with salt water laid on the eyes, and renewed at frequent intervals. Opening the eyes and submerging them in clean salt water has been found beneficial to those whose eyesight begins to fail.

Alexandre Dumas pere, when he gave a dinner party to commercial notabilities, had a somewhat singular method of deciding the time for the inferior wine to be produced. He enjoined his servants to put the best wine on the table at the beginning of the meal, while the guests' heads were clear; "then," said he, watch the conversation, and directly you hear any single one of the company say, who am an honest man, you may be quite sure that all their heads have gone astray, and you can serve up any rubbish you choose.

A road being in debt for \$2,500 worth of unpaid taxes, the sheriff of the town where they are due is trying to attach a locomotive. The law does not allow him to take the locomotive of a mail train, and now the freight trains do pot stop at that town, but run slowly through, all hands deriding the sheriff, who sees no way to seeure his locomotive.
